The University of Chicago Laboratory Schools Health and Wellness Department is sponsoring a school-wide Health Fair to increase health awareness through education.

The Health Fair is Thursday, March 9, 2017, 5–7:30 p.m., in Kovler Gym, 5823 Kenwood near 1362 East 59th Street.

Your participation will help us in our efforts. We want to provide informational booths, demonstrations, and opportunities for participation to help our school community become aware of, and to promote, the many health-related programs, services, and providers located in our surrounding community.

The Health Fair will be open to both children and adults in the Laboratory Schools community and we anticipate an attendance of more than 600 people. We are asking that each participant provide some form of information/educational materials, demonstration, or service for the Health Fair.

If you have other expertise you would like to share with those attending, please indicate on the enclosed response form.

To facilitate our planning please return the enclosed response form no later than January 30, 2017. If you have questions, do not hesitate to contact the Health Fair Coordinator at dtaylor@ucls.uchicago.edu

Sincerely,

Diane Taylor
