Medical Information Required for Grades 1-2

1. For only those transferring from an out-of-state school, a vision exam. Due first day of school.
2. For all second grade students, a dental examination completed within 18 months prior to April 30 of the second grade year. Due April 30.
3. For all newly admitted students, physical examination completed within a year prior to entry, signed and dated by a physician, nurse practitioner, or physician’s assistant. Due October 15.
4. A complete record (month/day/year) of immunizations as part of the physical that includes:
   • DTaP/DPT (Diphtheria/Pertussis/Tetanus): Five immunizations, the last given at or after 4 years of age. (Four are acceptable if the last is given after four years of age.)
   • IPV/OPV (Inactivated or Oral Polio Vaccine): Four immunizations, the last given at or after four years of age. (Three are acceptable if the last is given after 4 years of age.)
   • MMR (Measles/Mumps/Rubella): A first immunization on or after one year of age. Please note that a measles immunization given before a year of age does not count as the first of the two required measles immunizations.
   • MMR or measles booster: All students must have a second measles or MMR vaccine.
   • Hepatitis B: A series of three vaccinations.
   • Varicella (Chicken Pox): A first immunization on or after one year of age. A second Varicella vaccine is required for all students entering first grade.

Students from outside the United States must meet Illinois requirements even though their country of origin follows a different immunization schedule.

How to submit forms
If your child cannot meet the medical requirements by the due date, please contact the Nurse’s Office at 773-702-4132. Forms may be directed to the Nurse’s Office, ESH 104; faxed to 773-702-7455; or scanned and emailed to ESHnurse@ucls.uchicago.edu.

Exemptions
Requests for medical or religious exemption from physical exams and/or immunizations must be submitted in writing. Medical exemption is based on a signed statement from a physician specifying the reason for the contraindication. Request for religious exemption must set out the specific religious belief that conflicts with examination and/or immunizations. Under Illinois law, the Laboratory Schools administration is responsible for determining the validity of the request.
